

Early Registration Weeks for Assigned Registration Group Times for Fall 2017

(As of 2.27.2017)

Credits determining registration for all students are **TOTAL CREDITS** and include **earned credits** and **work-in-progress credits**. Students on approved Withdrawal Leave status will be assigned Early Registration groups if they are approved to return for next term. For Early Registration, students may “reserve” courses online, but must have the selections approved by their advisors.

Students are expected to see their advisors during their assigned week or as soon as they can thereafter. All students will be expected to have “reserved courses” approved no later than April 15th. It is expected that students will work with their advisors to review their selections during their advising week for course approvals and corrections.

Monday, March 13th through Sunday, March 19th is Spring Break and College Offices open during business hours.

Wednesday, April 12th, is the beginning of new student registration. and non-degree undergraduate registrations. New incoming undergraduate transfer students may register in-person and by appointment through Admissions. New Freshmen will be registered and confirmed into classes and learning communities as announced through Admissions. **Early registration becomes on-going registration for continuing students after Friday, April 12th. All students should get their courses approved by this date.**

Wednesday, April 12th: Non-degree undergraduate students/visiting students: Non-degree students may only register in-person starting on this date. Registration is on-going for continuing students. *(Coded SU)*

Students in dual programs continuing at the Master's-level (changing divisions) may do paper in-person registrations with the consent of the Associate Division Dean of their field of study.

Only students in the following majors for Nursing: NURBS, LPNBS, DNUBS, DLPBS, DRNBS/DRLBS, NRLBS/NRNBS may register for NUR courses. Nursing students registering inappropriately for Nursing Division courses they have already completed or don't need will have Holds placed on them until their schedules are reviewed by the Associate Division Deans in Nursing.

Jump Start Dates for Priority Groups: All NCAA Team Players with 90 or more credits will register the first week with all students with 90 or more total credits.
