

MOLLOY UNIVERSITY

School of Arts & Sciences
Department of Criminal Justice
& Legal Studies

Criminal Justice Dual Degree, B.S. / M.S.

Prepare for the rigors of working in the challenging criminal justice system of today. Students will develop an understanding of the nature and consequences of crime in American society. By engaging in dynamic, real-world field experiences, students will be ready to pursue a fulfilling career in a criminal justice organization or advance professionally in their current career.

Essential Skills

Essential skills provide a framework to guide students' progress toward their degree but also prepare students for a broad range of career paths. A recent survey from the Association of American Colleges and Universities (AAC&U) shows employers "strongly agree" that "regardless of a student's field of study" liberal arts skills best prepare students to enter the job market in their career of choice. Students develop a variety of skills that prepare them for any career in criminal justice.

1. Critical Thinking:

- a. Make decisions and solve problems using sound, inclusive reasoning, and judgment.
- b. Critically analyze criminological theory, criminal law, and criminal procedure to identify current issues in criminal justice.

2. Written and Oral Communication:

- a. Communicate in a clear and organized manner to incorporate the most accurate, appropriate information for the intended purpose.
- b. Learn to speak and write clearly, succinctly, and accurately to help uncover important information to address issues in the criminal justice field.

3. Information Literacy:

- a. Gather and analyze information from diverse sources and individuals to fully understand a problem.
- b. Explore investigative and crime prevention techniques.

4. Leadership and Ethics

- a. Understanding the difference between right and wrong can help protect the community from wrongful actions that could cause harm.
