Introduction

Thank you for choosing Northwell Health for your nursing clinical placement. This manual outlines important requirements and expectations for school coordinators, clinical instructors, and students pursuing a clinical placement at a Northwell site.

In order for a clinical placement to be considered for approval the school coordinators must enter the students in two Northwell Health portals:

1. **Student Rotation Portal:** This portal is used to enter the instructor/students Northwell employee status, health clearance, and rotation dates. Site locations and rotation dates are required to receive approval.
2. **IFN Placement Portal (previously known as RedCap):** This portal is used as a formal submission indicating faculty and student placements. When an application/roster is approved in this portal, it will initiate the process of instructor/students receiving access to Sunrise (only if Sunrise is used at such site).
3. **Northwell Student/Faculty Module Link:** The RedCap platform is used for module dissemination and completion. Following the initial "Demographics" survey, instructors and students can directly access System and Nursing modules. Progress can be saved, allowing for completion at multiple intervals. Upon completion, both the individual and their school coordinator will receive completion certificates. This link provides access to all required modules; no additional modules are necessary. Access to Northwell Cornerstone is not currently provided.

Northwell Health Semesters

The clinical placement time may be shortened during the semester but may NOT crossover a flu required semester.

Spring	January 1- May 31 -Flu documentation is required for this semester.
Summer	June 1 – August 31
Fall	September 1- December 31- Flu documentation is required for this semester.

We are looking forward to continuing to provide a quality educational environment to nursing students. Wishing all students a positive learning clinical experience.

Regards,
Nursing Clinical Placement Team NursingClinicalPlacement@northwell.edu

Northwell Health Nursing Student/Faculty Clinical Placement Module Requirements

Please note the module requirement is applicable to all undergraduate, graduate and doctorate students requesting to complete a practicum at Northwell Health sites.

Employees will not need to complete the system modules if the school identifies them as an employee in the system portal but will need to complete the nursing required modules if they have a Northwell Health clinical placement either as a student or faculty.

The modules will be valid for 1 academic year. Please use **Google Chrome** to complete the modules.

For each student and faculty, mandatory learning modules will be disseminated by the school coordinator and completed via a RedCap. The following system modules will be automatically loaded on the RedCap link. Completion of these system modules is **required** for every non-employee student and faculty. We verify these modules and noncompliance of these modules may prevent the student and the group from starting your clinical experience.

Student Rotation Clearance Portal Learning Object Names (System Modules):

- 2025-2026 RCP: Infection Prevention (4-20 min)
 - 2025-2026 RCP: Quality and Patient Safety (6-10 min)
 - 2025-2026 RCP: Workforce Safety (7 min)
 - 2025-2026 RCP: Emergency Management (5 min)
 - 2025-2026 RCP: Fire Safety and Environment of Care (7 min)
 - 2025-2026 RCP: Respectful Work Environment – Discrimination and Sexual Harassment Prevention (approx. 30 min)
 - 2025-2026 RCP: Corporate Compliance Regulatory Requirements (20-30 min)
 - 2025-2026 RCP: HIPAA Privacy (16 min)
 - 2025-2026 RCP: HIPAA Security and Payment Card Industry Compliance (15 min)
 - 2025-2026 RCP: Confidentiality Agreement and Acknowledgement Regarding Use of Computers, E- mail and The Internet
- *** This module needs to be completed **LAST*****

EVERYONE, nursing student, and faculty including Northwell employees will need to complete the following (Nursing Modules):

- 2025-2026 Nursing Student/Faculty Educational Module
- Navigating through Sunrise Mobile
- NYS Justice Center Webinar 2025-2026
- Guidelines for Faculty and Students in Behavioral Health 2025-2026

Student/Faculty Employees MUST identify that they are an employee on the demographics page. Once they verify that they are a Northwell employee, they will not have to complete the system modules.

Once the modules are completed, RedCap will automate a completion certificate to both the student and school coordinator's email to capture completion. School coordinators will verify the completion of learning modules for both students and clinical faculty, similar to the current process for medical clearance in the Student Rotation Portal. **The Student Rotation Portal will show a "completed" status for modules only after the school coordinator attests to the student's compliance.**

Sunrise access will be processed after placement is approved and each student & instructor will need to complete a survey sent to them individually. Sunrise provisioning take 1 week. Any issues with Sunrise access, contact Nursing Clinical Placement NursingClinicalPlacement@northwell.edu

Northwell employed RNs will not receive a 2nd Sunrise account as an instructor. Please identify the school & yourself as faculty. Northwell employee students will need to apply (via the sent survey) and receive a separate student Nursing Sunrise account.

Northwell Health Surgical Tech Student/Faculty Clinical Placement Module Requirements

Please note the module requirement is applicable to surgical tech students and faculty requesting to complete a clinical rotation at Northwell Health sites.

Employees will not need to complete the system modules if the school identifies them as an employee in the system portal but will need to complete the surgical tech required modules if they have a Northwell Health clinical placement either as a student or faculty.

The modules will be valid for 1 academic year. Please use **Google Chrome** to complete the modules.

For each student and faculty, mandatory learning modules will be disseminated and completed via a RedCap link after the school coordinator enters their respective information into the system rotation portal. The following system modules will be automatically loaded on the RedCap link. Completion of these system modules is **required** for every non-employee student and faculty. We verify these modules and noncompliance of these modules may prevent the student and the group from starting your clinical experience.

Student Rotation Clearance Portal Learning Object Names (System modules):

- 2025-2026 RCP: Infection Prevention (4-20 min)
 - 2025-2026 RCP: Quality and Patient Safety (6-10 min)
 - 2025-2026 RCP: Workforce Safety (7 min)
 - 2025-2026 RCP: Emergency Management (5 min)
 - 2025-2026 RCP: Fire Safety and Environment of Care (7 min)
 - 2025-2026 RCP: Respectful Work Environment – Discrimination and Sexual Harassment Prevention (approx. 30 min)
 - 2025-2026 RCP: Corporate Compliance Regulatory Requirements (20-30 min)
 - 2025-2026 RCP: HIPAA Privacy (16 min)
 - 2025-2026 RCP: HIPAA Security and Payment Card Industry Compliance (15 min)
 - 2025-2026 RCP: Confidentiality Agreement and Acknowledgement Regarding Use of Computers, E- mail and The Internet
- *** This module needs to be completed **LAST*****

EVERYONE, surgical tech students, and faculty including Northwell employees will need to complete the following:

- 2025-2026 Surgical Tech Student/Instructor Module
- NYS Justice Center Webinar 2025-2026
-

Student/Faculty Employees MUST identify that they are an employee on the demographics page. Once they verify that they are a Northwell employee, they will not have to complete the system modules.

Once the modules are completed, RedCap will automate a completion certificate to both the student and school coordinator's email to capture completion. School coordinators will verify the completion of learning modules for both students and clinical faculty, similar to the current process for medical clearance in the Student Rotation Portal. **The Student Rotation Portal will show a "completed" status for modules only after the school coordinator attests to the student's compliance.**

Module Dissemination via RedCap: The mandatory modules will be disseminated to school coordinators by the Nursing Clinical Placement Team. School coordinators will then disseminate the Northwell Student/Faculty module link to students and clinical faculty for completion.

If you are a Surgical Tech student/faculty, please skip numbers 10-11 if you identify as a Non-employee.

For those you may not have received the Northwell Student/Faculty module link, please use this link: [Northwell Student/Faculty Module Link 2025-2026](#)

You can access the video tutorial using the following link: <https://youtu.be/yaNgRlXrunU>
Redcap@northwell.edu should not be contacted.

Should you have any questions please refer to the student/faculty manual or contact your school coordinator.

How to complete the 2025-2026 mandatory modules (NON-Employees):

1. Clinical faculty and students must complete the “Demographics” page to its ENTIRETY. The mandatory modules will be available as soon as the “Demographics” page is completed.

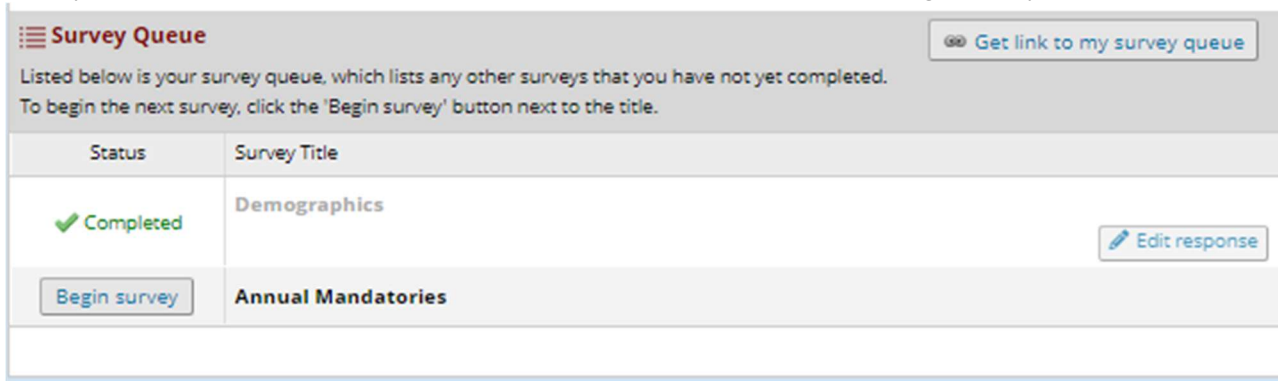

Demographics

1) Student First Name	<input type="text"/>
<small>* must provide value</small>	
2) Student Last Name	<input type="text"/>
<small>* must provide value</small>	
3) University	<input type="text" value="v"/>

Questions and Answers

Northwell Student/Faculty Module Link:

Mandatory modules will no longer be completed in iLearn. They will now be completed via a RedCap link.

1. How do I access the mandatory Northwell Student/Faculty Modules?

The Northwell Student/Faculty Module will be available via a link that will be distributed to students/faculty by your school coordinator. If your school coordinator has not provided you with the Northwell Student/Faculty Module link, please find it [here](#).

The modules will automatically be loaded after the clinical faculty/student complete the "Demographics" page.

2. When do the Northwell Student/Faculty Modules expire?

The Northwell Student/Faculty Modules are valid for the entire academic year. New modules are released annually, ready for the start of the Fall semester, and expire at the end of the Summer semester.

3. How do I know if I completed all of the modules?

You will receive a certificate of completion in your email inbox after completing all modules.

If you cannot find the certificate in your mailbox, it may be because you entered the incorrect email OR because you did not receive a score of 100/100 on the "IFN Student/Instructor Modules".

4. What happens if I submit without a passing score of 100/100 and did not receive a certificate?

If you did not receive a score of 100/100 and did not receive a certificate, you will have to retake the modules and ensure that you receive a score of 100/100 and received the certificate after all modules are completed.

5. How do I return to where I left off?

Click "Save & Return Later". A unique "Return Code" will populate as shown below, save this code as you need it to return to the modules.

'Return Code' needed to return ✕

Copy or write down the Return Code below. Without it, you will not be able to return and continue this survey. Once you have the code, click *Close* and follow the other instructions on this page.

Return Code: CTEXCM8K

Close

Once you close out of the "Return Code", you will be directed to the following instructions:

Your survey responses were saved!

You have chosen to stop the survey for now and return at a later time to complete it. To return to this survey, you will need both the *survey link* and your *return code*. See the instructions below.

1.) Return Code

A return code is ***required*** in order to continue the survey where you left off. Please write down the value listed below.

Return Code CTEXCM8K

* The return code will NOT be included in the email below.

2.) Survey link for returning

You have just been sent an email containing a link for continuing the survey. For security purposes, **the email does NOT contain the return code**, but the code is still required to continue the survey. If you do not receive the email soon, please check your Junk Email folder.

Or if you wish, you may continue with this survey again now.

Continue Survey Now

Sunrise Access

1. I am an employee. Do I need to fill out the survey for Sunrise access?

If you are a Northwell employee and a school faculty member with Sunrise access as an RN, you do not need a separate Sunrise account. When documenting as faculty, make sure to include your school and title.

If you are a student with Northwell employee Sunrise access, you must complete the Sunrise application to create a separate student Sunrise account. This will provide you with access to document as a student RN, including medication details. Note that student employees will have two separate Sunrise accounts and should confirm their role when documenting.

For password-related issues only, please contact the service desk at 516-470-7272, option 2, where any clinical agent can assist with resetting your password. For all other Sunrise issues, please reach out to the clinical placement team.

2. How long will it take for me to receive my access to Sunrise?

Sunrise access take 1 week to obtain your username and password. Any faculty who does not have Sunrise access while on the unit, please contact the Clinical Placement team to escalate your access. The Clinical Placement team will work with the IT team to obtain your access. If access was not provided by Friday afternoon, there will not be any availability to address any access issues over the weekend. Please contact the Clinical Placement team if you have delays. Many delays occur if the email or spelling of the name is incorrect.

3. I am going to multiple sites this semester. Do I need to apply for a new Sunrise username and password?

Sunrise access is approved from the start of your clinical date and expires at the end of the current semester. Sunrise access works at all SITES that use Sunrise. You will need to identify you are now at a different site and create a Criteria Based List using Location. From the toolbar, click the New Visit List Icon, Select the Location tab, Click include patients at login location, then click ok.

Sunrise access is used at the following sites: Cohens, Glen Cove, Huntington, Lenox Hill Hospital, LIJ Medical Center, LIJ – Forest Hills, LIJ – Valley Stream, North Shore University Hospital, Plainview, Syosset, South Shore University Hospital and Zucker.

Access to the EMR for Mather, Northern Westchester, Peconic Bay, Phelps, South Oaks, Orzac and Stern is completed by the site educator.

4. I did not receive my Sunrise log in, but my classmates did. Who do I need to contact?

Please email the Clinical Placement Team at NursingClinicalPlacement@northwell.edu. We will contact the IT team and follow up on the status of your Sunrise access account. Many times, the reason why you did not receive access is that your email was submitted incorrectly, or you did not complete the sunrise survey. Please check your Spam/Junk email and complete the survey.

5. My Sunrise access has expired. How do I extend my access?

Access should be granted till the end of the semester. However, in the case that you run into an issue, please email the Clinical Placement Team at NursingClinicalPlacement@northwell.edu. We will contact the IT team and follow up on the status of your Sunrise access account.

6. I had an active Sunrise access during my rotation last semester. Will I be able to use the same log in?

Sunrise access accounts expire at the end of each semester. If your school coordinator has added you to a new roster/application this semester, in most cases, IT will reactivate your previously used Sunrise access account.

7. What are the delays in Sunrise access?

Here are the most common reasons for delayed Sunrise access:

- a. The incorrect email for the Faculty/Student was entered into the portal which makes the Sunrise survey undeliverable.
- b. Faculty/Student did not complete the Sunrise access survey.
- c. IT is working on confirming Instructor/Student identity and reactivating account Please email the CCP Team at NursingClinicalPlacement@northwell.edu for assistance.

Site IT teams may only assist with password resets.

Preceptor Placements

1. When does the BSN portal open/close for each semester?

The Nursing Student BSN Preceptor Portal follows the below schedule:

Semester	Opens	Closes
Summer	March 3, 2025	April 15, 2025
Fall	April 15, 2025	August 15, 2025
Spring	October 1, 2025	December 3, 2025

2. I do not have a preceptor secured. How do I locate a preceptor?

The Clinical Placement team will place BSN students with a preceptor.

If you are a graduate student, please reach out to your colleagues or site educator to determine if you can locate your own placement at your site. If you do not have a preceptor, the Clinical Placement Team will assist to locate an appropriate preceptor to match your degree/specialty.

3. If I have contacted my assigned preceptor and have not received a call back or confirmation of start date on unit - What do I do?

Please email the Clinical Placement team NursingClinicalPlacement@northwell.edu. The Clinical Placement Team will follow up with the preceptor.

4. How do I receive my ID badge before the start of clinical?

The faculty needs to coordinate with the SITE educator prior to the clinical start date to obtain the ID badges (if the such site requires IDs for their group/capstone nursing students).

5. I am a graduate RN student who has identified an NP/MD as my preceptor and my placement was denied.

If you are pursuing a NP degree and require a NP/MD preceptor, please contact the ACP Student Placement Team at acpstudentplacement@northwell.edu who approves these APRN placements.

6. How can I find out the status of my application? I have not heard a decision.

The Clinical Placement team works diligently to keep the schools informed of the application status. If you are 3 weeks from your start date of clinical, please have your school coordinator reach out to the clinical placement team for BSN placements. **The Clinical Placement Team will not be addressing BSN student issues directly, please reach out to your school coordinator to have them contact the Clinical Placement Team.** Graduate students may contact the clinical placement team directly.

7. I am an employee; will I be guaranteed a placement where I work?

Employees are not guaranteed a preceptor at the SITE where you work. However, we do our best to locate a Northwell preceptor for you.

The Clinical Placement team encourages Northwell student employees to locate their own preceptor. However, employees are not allowed to have their direct supervisor serve as their preceptor, nor can they complete their clinical experience in their own unit.
